Dear Parents,

Greetings from

TWS!

Hope you all are safe and well. Team TWS warmly welcomes you to the academic year 2021-22. At the outset, we would like to whole-heartedly acknowledge your co-operation and support in the past academic year in spite of the tough COVID times! Thank you dear parents and caregivers!

When all things came to a sudden halt last year and the learning spaces had no clues about the way teaching would happen, we ensured that it continued in our school, and now, it is the new normal! This year too we are looking forward to a productive partnership with you to ensure our children can achieve their highest potential. We recognize that in order to be successful in school, our children need support from both, home and school. As partners, we share the responsibility for our children's success and we want you to know that we will do our very best to carry out our responsibilities.

As per the government directives, we will continue our online sessions via Google classroom. You as parents are facilitators of this remote learning program hence, a significant burden of responsibility rest on you to ensure that your children attend and complete the tasks set. We would appreciate your support in monitoring your wards and supporting them to be responsible.

These online classes must be treated with the same amount of seriousness as a regular class. Taking responsibility for one's own learning is critical for the effectiveness of the programme.

- The class links should not be shared with anyone else except your ward who is the student of the school.
- Students must ensure respectful behaviour.
- We have asked the teachers to adopt a zero-tolerance policy to inappropriate behaviour.
- Disciplinary action will be taken against any student who misuses the platform or shares meeting details with any other student.

SHARED RESPONSIBILITIES:

Greetings from TWS.

A reminder about the general rules regarding online classes.

- Please join on time Henceforth classes will begin sharp on time and mentors will not be waiting for anyone. We have only limited time and periods to transact the curriculum and hence punctuality is a must.

- The camera must be switched on at all times without reminders. Parents we really need your cooperation in this matter. Please ensure this is done. Many times students are keeping the camera off and they do not even respond when we call out to them. Those whose cameras are switched off will be marked absent

- All students to PLEASE avoid using any kind of background, as when this is done what the student is doing is not visible to us.

- Please position the camera in such a way that the students face is clearly visible.

- Parents, we sincerely request you to ensure that your ward attends the PE and aerobics sessions without fail. Physical fitness is key to a healthy body and mind. Please note that there will be a written exam for PE as well

- As always, we

welcome your suggestions so please do feel free to contact us.
